The Sanders County Weed Control Department requires Renters of our rental equipment to complete and sign this Sprayer Rental agreement and Check List.

The Renter will need to complete the Rental Checklist with a Weed Department employee before final signature and rental. The equipment will then be re-inspected for damage prior to the rental being accepted back by the Weed Department. Any excessive or negligent damage to the equipment while in the Renter's possession will be charged to the Renter.

The Renter will be charged a daily rate starting the day that the sprayer is checked out through the date that the sprayer is returned to the Sanders County Weed Control Department and checked back in during regular business hours. Returned units cannot be left outside the fenced area due to liability issues. There are no exceptions to this policy unless the Sanders County Weed Control Department is notified of and agrees to the extenuating circumstances.

Rental Units must be empty, triple rinsed, and returned in the same condition it was received. We have taken every measure we can to assure that each unit is safe and ready for reasonable use.

Sprayer Units are not for use on rough or broken terrain and Should be utilized in the field at 5 miles per hour or less. Please exercise good judgement in the operation of this equipment.

If a returned unit is damaged through misuse or neglect, the Renter will be responsible for the cost of the repair, including labor and materials. Please help us keep these units in good working order to enable us to continue to provide this service to the public.
